they left behind.*

We have lost over a dozen of our classmates within our 40 years after graduation. The following two pages are the ones we know of. There may be more. If there is someone you knew or were close to, from our class of 1971 & has passed away, we're sorry there is not a memorial here for them. However, the list gets longer and updated regularly through the alumni Facebook page. Please contact Joyce Nichols Harkless.
