

Does anyone have more proof on the Mai Kai doing a Msyttery Drink before 1961?

UPDATE 7-23-07: Kern Mattei, GM of the Mai Kai says the Mystery Drink was announced in their "Happy Talk" newsletter. If you are in possession of a pre 1961 "Happy Talk," please check it for mention of the drink and report the facts!

UPDATE 7-30-07: I asked Mimi Payne, who runs [Arkiva Tropika](#) to look through her collection for a Happy Talk to try to prove this mystery. No luck on the Happy Talk, but, she did find in her collection that the [Okole Maluna Club menu](#) had the Mystery Drink on it, and was dated 1958. Sure, that's not 100% factual, but, nobody is going to make up a date on something like that. I consider this proven. **The Mai Kai invented the Mystery Drink. Proof.** And far earlier than was thought.
